

# NOT JUST ART

## Come and Create with Positive Cycle

Due to the successful take-up of the last Not Just Art sessions, Positive Cycle are again offering FREE Training to give you the opportunity to come and meet other parents.

Classes will allow parents and guardians to explore their creative potential and network with other parents while their pre-school child is being entertained in the free crèche.

Whether art has always been part of your life or you've never thought you were any good, we will help you to create something special.

You can then develop the skills and do this at home with your child/ren.

Previous participants are welcome to re-join the sessions.

Refreshments will be available.

► **Tuesday mornings, Starting on 12th June 9.30-12.00**
